EXTREMELY REFINED EXTERIOR DESIGN

The distinctive exterior design of the FRANKIA Platin with its attractive paintwork gets everyone's attention. The contrasting colour scheme highlights its elegant, yet powerful shape, while the black grille and decals create exciting accents.

The image shows the interior of a motorhome, specifically the living area. A large, brown leather sofa with a tufted backrest and a white and blue cushion is the central feature. A golden retriever dog is sitting on the floor next to the sofa, looking towards the right. To the right of the dog is a white table with a glass vase of fruit and a bowl of snacks. In the background, there is a wooden cabinet with a television, a microwave, and a glass display case containing wine glasses. The ceiling has recessed lighting, and the walls are finished with wood paneling. Large windows with white blinds are visible on the left side of the image.

EXPERIENCE LUXURY YOUR WAY

Your FRANKIA PLATIN gives you the freedom to design your living space as unique and luxurious as you want. Whether cosy, modern & clean or classically elegant: Choose from six different furnishing concepts or create your own unique style with a large selection of attractive surfaces, patterns and fabrics.

You've never travelled like this before: FRANKIA I 8400 QD PLATIN.
